What is an Analysis? To analyze merely means to break down into sections to comprehend well again as a whole. We analyze things or comment on them to identify their foremost elements as well as their causes. An analysis does not plainly ask you to break down things and depict them, but also to go beyond and affirm what information arrived after the analysis.

Hereâ€™s my take on the on-page SEO insights from the infographic: 1. Use SEO-Friendly URLs. Google has stated that the first 3-5 words in a URL are given more weight. And our ranking factors study found that short URLs may have an edge in the search results.. So if you want SEO-friendly URLs, make them short and sweet.. And always include your target keyword in your URL.
