Etymology (/ ˈvɪz /) is the study of the history of words, their origins, and how their form and meaning have changed over time. By extension, the term "the etymology (of a word)" means the origin of the particular word and for place names, there is a specific term, toponymy. For Greek words with a long written history, etymologists make use of texts, and texts about the ...

One of the puzzles of Basque is the large number of words that begin with vowels, where the initial and second vowels are the same. Joseba Lakarra proposes that in pre-proto-Basque there was extensive reduplication, and that later certain initial consonants were deleted, leaving the VCV pattern in proto-Basque:
