Custom probability distribution function, specified as a function handle created using @.. This custom function accepts the vector data and one or more individual distribution parameters as input parameters, and returns a vector of probability density values.. For example, if the name of the custom probability density function is newpdf, then you can specify the function handle in mle as follows.

Maximum likelihood estimates - MATLAB mle

Statistics is a branch of mathematics dealing with data collection, organization, analysis, interpretation and presentation. In applying statistics to, for example, a scientific, industrial, or social problem, it is conventional to begin with a statistical population or a statistical model process to be studied. Populations can be diverse topics such as "all people living in a country" or ...

For data in a table or dataset array, you can use formulas represented as the variable names from the table or dataset array. Put the response variable name at the left of the formula, followed by a ~, followed by a character vector representing the response formula.. This example shows how to create a character vector to represent the response to the reaction data that is in a dataset array.

Archived Consumer Price Index Supplemental Files. IMPORTANT The June 2017 version of the CPI Detailed Report, published in July 2017, was the final publication of this document. Customers are encouraged to obtain CPI data from the CPI databases or the Supplemental Files.Detailed Report files from October 2000 through June 2017 are available in a compressed file for each year.

Archived Consumer Price Index Detailed Reports : U.S

Statistics are supposed to make something easier to understand but when used in a misleading fashion can trick the casual observer into believing something other than what the data shows. That is, a misuse of statistics occurs when a statistical argument asserts a falsehood. In some cases, the misuse may be accidental. In others, it is purposeful and for the gain of the perpetrator.
